

# Student Self Reflection Survey

Name: \_\_\_\_\_ Date: \_\_\_\_\_ #: \_\_\_\_\_

I like doing math.

Most of the time    Some of the time    a little bit    never

My teacher is interested in my math strategies.

Most of the time    Some of the time    a little bit    never

Math is hard for me.

Most of the time    Some of the time    a little bit    never

My classmates can learn from my math strategies.

Most of the time    Some of the time    a little bit    never

I don't like to share my thinking in math class.

Most of the time    Some of the time    a little bit    never

I look forward to math time.

Most of the time    Some of the time    a little bit    never

What does it mean to be good at math?
