School Description

For over 50 years Warren High School has offered a strong academic and co-curricular program to its students. Warren High offers many Honors and Advanced Placement (AP) level, as well as highly specialized Career and Technical Education (CTE) pathways. Students can access the Animation, Construction Technology, Culinary Arts, Film and Television, and Project Lead the Way (engineering) pathways as early as the ninth grade, getting hands on experience in state of the art facilities with industry level equipment. Our Advancement via Individual Determination (AVID) program helps students who are the first in the family to go to college to complete the college entrance requirements. The program enjoys a 100% acceptance rate to four-year colleges and universities for seniors completing the program. A wide range of academic and scholarship recognitions are offered, including the California Scholarship Federation program and the Distinguished Graduate program.

In addition to the academic program, Warren High School offers outstanding co-curricular programs including twenty-two different athletic teams for boys and girls. Students at Warren have the opportunity to participate in award winning fine arts programs which include vocal and instrumental music, art, as well as theatre and dance. The school has a dynamic student activities program which includes a large number of service focused clubs.

If you have any questions or are interested in making an appointment to discuss this report, please call our school.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school provides a safe, clean environment for students, staff, and volunteers. Classrooms, bathrooms, and general areas are in good repair and receive basic cleaning on a daily basis. Detailed cleaning is done during vacation periods. The District provides maintenance services on a regular schedule or when an emergency occurs.

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. The District administers a scheduled maintenance program to ensure a suitable learning environment. At the time this report was published, all restrooms on campus were in good working order. Daily reports of incidents that require repair at the school sites are processed through work orders. Emergency repairs are given the highest priority. The remaining incidents are handled on a first-come, first-served basis to ensure efficient service.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District's complete deferred maintenance plan is available at the district office.

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

| 2017-18 CAASPP Results for All Students | | | | | | |
|---|--|-------|----------|-------|-------|-------|
| Subject | Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11) | | | | | |
| | School | | District | | State | |
| | 16-17 | 17-18 | 16-17 | 17-18 | 16-17 | 17-18 |
| ELA | 70.0 | 62.0 | 52.0 | 52.0 | 48.0 | 50.0 |
| Math | 28.0 | 26.0 | 37.0 | 39.0 | 37.0 | 38.0 |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| CAASPP Test Results in Science for All Students | | | | | | |
|---|--|-------|----------|-------|-------|-------|
| Subject | Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards) | | | | | |
| | School | | District | | State | |

| Science | N/A | N/A | N/A | N/A | N/A | N/A |

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

| Grade Level | 2017-18 Percent of Students Meeting Fitness Standards | | |
|-------------|---|--------|--------|
| | 4 of 6 | 5 of 6 | 6 of 6 |
| 9 | 20.2 | 20.7 | 27.1 |

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

We have numerous ways for parents and community members to participate in the life of our school. Many are very supportive of the educational program at Warren High. Staff members, community members, and parents participate in various organizations that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with student needs.

Parents are encouraged to participate on one or more of the following organizations:

- Parent-Teacher Association (PTA)
- School Site Council (SSC)
- English-Language Advisory Committee (ELAC)
- Academic Boosters' Council
- A booster group, such as band, football, baseball, etc.

The contact person for parent involvement is Principal Rivas; she can be reached at (562) 869-7306, extension 5800.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety of students and staff is the primary concern at our school. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Disaster drills are conducted on a regular basis throughout the school year.

Our school is a closed campus. All visitors are required to sign-in at the school's office. Before school, after school, and during lunch administrators, campus security assistants, and other campus supervisors monitor activity and ensure student safety.

A Comprehensive School Safety Plan, which is reviewed annually by district personnel and the police department, was developed by the school staff to provide students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: child abuse reporting procedures, teacher notification of dangerous pupils procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, suspension and expulsion policies, dress code, and discipline policies. The school safety committee and district personnel evaluate the plan annually and update the plan as needed. The Comprehensive School Safety Plan was revised in October.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Teachers take approximately 5 days per year for their continuing education and professional development to improve their teaching skills in the subjects they teach to support student learning.

Types of Services Funded

Before, during, and after school instructional support is provided for students with academic needs. Classroom and/or intervention teachers work with identified students in core subjects (English/Language Arts, math, social studies, and science) to assist them in reaching State standards. Funding is provided through the Local Control Accountability Plan (LCAP) and other site funds.

Career Technical Education Programs

Some high schools offer courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
