Google Form Question Types
There are nine different types of questions you can include in a form:

1 - Text type
   - For the Text type question, you simply type in a question and the user gets a one-line text box to enter their response.

2 - Paragraph type
   - For the Paragraph type question, you simply type in a question and the user gets a multi-line text box for their response.
   - This type of question is well suited for open-ended or essay type responses.

3 - Multiple Choice type
   - For the Multiple Choice type question, type in your question.
   - Then enter in as many options as you wish for the answer choices. You can also copy and paste in your list if you have it typed up elsewhere.
   - You can also choose to add the Other option where the user will be allowed to add and choose a write-in choice for your list.
   - When the user completes the question, they may only choose one of the choices you have provided.

4 - Checkboxes type
   - For the Checkbox type question, type in your question.
   - Then enter in as many options as you wish for the answer choices. You can also copy and paste in your list if you have it typed up elsewhere.
   - You can also choose to add the Other option where the user will be allowed to add and choose a write-in choice for your list.
   - When the user completes the question, they can choose as many of the choices as they wish from what you have provided.
5 - Choose From a List type

- For the Choose From a List type question, type in your question.
- Then you can enter in as many options as you wish for the answer choices. You can also copy and paste in your list if you have it typed up elsewhere.
- Note: There is not an Other option like in the Multiple Choice and Checkbox types.
- When the user completes the question, they may only choose one of the choices you have provided from a drop-down list.

6 - Scale type

- For the Scale type question, type in your question.
- Then you enter the starting point (0 or 1) and the ending point (up to 10) for your scale.
- Optionally you can enter labels for the endpoints of your scale such as “Disagree the most” and “Agree the most”, or “Lowest ranking” and “Highest ranking”.
- The user will be presented with a scale of values on which to place their response.

7 - Grid type

- For the Grid type question, begin by typing in your overall question or directions that will apply to each question in the grid.
- Then choose how many columns you want in the grid (1 to 5), and you provide descriptive labels for each column.
- Then enter as many rows as you wish for the grid, and enter a question or statement for each.
- When the user completes the question, they will be presented with a grid of rows and columns and will need to click a single cell to place their response for each row.
8 - Date type

- For the Date type question the user will simply choose a date from a drop down box or with up/down arrows.
- You have the option to include the Year or not.
- You have the option to include the Time or not.

9 - Time type

- For the Time type question you can choose either the time of day format or duration format with hours, minutes, and seconds.
- The user will then select the time or duration using drop down menus and up/down arrows.
